WELCOME

Welcome to Milan

Cajola & Associati is delighted to host the 2026 Fall Convention, and we look forward to welcoming you all to Milan in September.

Three days of business, good food and a city that is at its best at this time of year: back at work after the summer, warm but no longer hot, and open to anyone willing to look behind its façades. We hope you enjoy it as much as we have enjoyed preparing it.

THE CITY

Milan

Milan is Italy's financial engine and, by most accounts, the fashion capital of the world: Armani, Prada, Versace, Moschino and Dolce & Gabbana all keep their headquarters here. But the city rewards anyone who slows down. Behind the glass towers of Porta Nuova stands a Gothic cathedral that took nearly six centuries to finish, an opera house that made Verdi's name, and Leonardo's Last Supper, still on the refectory wall it was painted on.

The pleasure of Milan is in its layers. Aperitivo along the Navigli, the canal system Leonardo helped engineer, now lined with bars at dusk. The Galleria Vittorio Emanuele II, the oldest shopping arcade in the world, under a dome of iron and glass. Courtyards you only see when someone leaves a door open.

September is the right moment to see it: the weather is at its best and the city is back at work.
